PHP Backend Developer (m/f)

Employment: Full time
Start: As soon as possible

Who we are

Bitpanda is **Europe's leading digital asset platform** (e.g. Bitcoin, Ethereum & co) and one of the fastest growing FinTechs. We have the vision of creating an eco-system that allows a simple entry for beginners and an optimised usability for the advanced users. For this, we constantly work on new innovations and see ourselves as **pioneers for the future financial and payment industry**. To achieve our visions of the future, we work closely with financial services, banks and several trading platforms. Bitpanda is a visionary and rapidly expanding Start-Up, which is why we are looking for **highly motivated and tech-savvy team members**, who share our vision and choose to help and shape the future of the emerging FinTech industry.

What you will do

- The developer team constantly works on new features for our platform. These features are used by hundreds of thousands of customers worldwide. Your code will have a direct impact on the Bitcoin & Ethereum ecosystem.
- Developing high-quality products and solve technical API and trading problems.
- Since there are various areas in the frontend, backend, mobile or all around the platform, we collaborate in cross-functional teams to improve our system and develop new features.

What you should offer

- You are well-versed in the modern web or software programming
- You are skilled in: PHP Laravel / Lumen Framework, MySQL, Database optimisations (you know how to use indices), REST-API
- A clean and correct code is most important to you whilst you keep your debug-outputs tidy and write necessary comments
- Optional: You have experience with the Blockchain- and Bitcoin-technology or are willing to get familiar with the topic
- Commitment above average in a fast-growing environment
- Your code must be bullet-proof and tested extensively

What we offer

- A chance to get involved in one of the leading FinTech Start-Ups and thereby help shape a growing, forward-looking and innovative field
- An ensured salary according to the collective agreement and a possible overpayment depending on the qualification
- Flat hierarchy and short communication channels
- Exciting and challenging projects, which offer room for your creative ideas
- Prompt takeover of self-responsibility
- Very good working atmosphere in a young and motivated team
- Free softdrinks in our office in Vienna 1070
